Technical features

Winter socks.

Material: 100% polyester.

Unique size.

Color: white.

Packaging: carton of 60 pairs.

Subpackaging: individual box (1 pair).

SOCK AGAINST COLD

Advantages

- > Inner terrycloth surface for more comfort and thermal insulation.
- > Reinforced on the upper part of the heel.
- > Tightened on the foot for excellent support and to prevent the socks from slipping in the shoe, thus eliminating any risk of overheating of the foot.
- > Good hold and good support of the metatarsal.
